HOME HAPPENINGS.

Next lecture of the college course Monday evening, Feb. 22

-The Normal and public schools are losed today on account of Lincoln

-The Dispatch must decline to take notice of family troubles unless they

-The Bullders' Aid of the M.E. Church will serve a chicken ple supper

at the church Friday evening, Feb. 26. -Revival meetings in the M. E. Church closed Wednesday evening. Quite a number united with the church.

-On Tuesday afternoon Mrs. Martin Kimerle very pleasantly entertained the Stitchery Club at her home on East Main street.

-On Saturday evening the ladles of the M. E. Church will serve their an-nual noodle supper in the basement of the church. Expense only 15 cents.

—Valentines are no longer displayed in store windows but some local dealers have large stocks on exhibition in show cases and many of Cupid's missives are elaborate and expensive.

-The funeral of J. S. Collar, whose unexpected death at his home in Loveland was noted in last week's Dispatch, was largely attended last Saturday. Interment was made in the Canfield -More land is needed for the county

infirmary and the matter of buying one of two farms adjoining present holdings is being considered by the county com--The ladies of the Christian church

will hold a Washington Missionary Tea at the home of Mrs. Albert Huxaaw on Saturday evening. Refreshments will be served and the public is cordially in-

-Meeting of the Men's Club in the Presbyterian church this (Friday) evening at 8 o'clock will be addressed by Prof. G. W. Alloway of Youngstown.
"An Appreciation of Lincoln," will be

-Next Tuesday evening the Board of Trade will hold its regular monthly meeting in its rooms on High street. Several matters of importance are to be considered and it is hoped every mem-

-This (Friday) evening the Newtonian and Philomathean Literary Societies will hold a joint meeting in College Chapel when a Lincoln program will be presented. No admission will be charged and the public is cordially

-J. F. Mackil and Miss Emma M. Weber, both of Youngstown, were married Tuesday evening and will be at home to friends after March 1st at 610 Thorne St., Youngstown. The bride formerly resided in Canfield township where she has many friends.

-H. J. Beardsley of this township last week sold to J. H. Schell of Gibsonburg, O., a yearling Percheron stallion that weighed 1,500 pounds. This is one of the finest colts ever raised in Mahon-ing county and Mr. Beardsley received better than 20 cents a pound for him.

-The Missionary Society of the Presbyterian church will meet at the home of Mrs. W. J. Dickson next Wednesday afternoon at 2 o'clock. There will be a missionary to a in connection. As this will be the last session before the annual meeting a large attendence is desired.

-A large crowd attended the auction sale of merchandise at the Neff Co.
store Monday night and Auctioneer C.
T. Agnew kept all in good humor,
made bidding lively and many articles were disposed of. As much surplus stock still remains the sale will be on again next Monday night.

-E. Y. Kirk, who resides two miles west of the village, reports numerous birds about his home, there being three red birds, a pair each of aut crackers and blue jays, a downy, a woodpecker, a turtle dove, and a cow blackbird. Mr. Kirk ties ears of corn in trees and scat-ters grain on the ground which attracts the feathered songsters.

—A fine audience attended and en-joyed the concert given in College Chapel last Friday night by the College Orchestra and Quartette. The program was varied enough to interest listeners throughout and encores were a feature. Director R. H. Higgins was congratulated on all sides on the success of the evening's entertainment.

-Clearing away the debris in the cellar of the burned men's building at the county infirmary goes steadily on and the work will soon be completed. The county commissioners believe that the full amount of the insurance, a little more than \$27,000, will be paid within a couple of weeks. No time will be lost in rebuilding the men's department.

-Daniel Harding, an old and well known citizen, died of pneumonia Thurs-day morning at 10:80 o'clock. Deceased was about 64 years of age. He is survived by his wife, two sons, one brother and one slater. Funeral services will be Saturday, meeting at the house at 1 o'clock and at the M. E. Church at 1:30. Rev. W. S. Rowe will officiate. The remains will be placed in the village netery receiving vault.

—Lest Thursday Mrs. Leah Fussel-man at her home north of the village, pleasantly entertained the following neighbors and friends: Mrs. Nathan Yeager, Mrs. Carns, Mrs. Horace Clay, Mrs. John Cruthers, Mrs. Sarab Stitle, Mrs. Homer Lynn, Mrs. Ervin Yeager, Mrs. Mary Rothgeb, Mrs. John Filck-inger, Mrs. Nathan Blott, Mrs. Adam Brobst, Mrs. Elmer Brobst and child-ren, Miss Florence Yeager, Arthur and Raymond Lynn and Roy Cruthers. -Lest Thursday Mrs. Loah Fussel-

Presbyterian Church-Feb. 18: Sebbath school at 9:80; preaching, "Lives that Lift, 10:30; C. E., 5:30; preaching, 6:80, Resume of temperance meeting in Youngstown last Sunday. All invited.

Great Slaughter Sale.

In today's Dispatch appears the advertisement of Spiegel & Goldstein, who announce a great sale of seasonable merchandise. This is the greatest women's store in Youngstown and when a sale is announced it can be counted on as being one worth while. An immense stock of the choicest goods will be disposed of during the sale just inaugurated. Save money by supplying your needs at the Spiegal & Goldstein store as noted in the advertisement above referred to.

Hoarse coughs and stuffy colds that may develop into pseumonia over night are quickly cured by Folsy's Honey and Tar, and it soothes inflamed membranes,

othy of Garretteville are the guests of her father, John Shively, and family. Mrs. Frank Hull is confined to the Presching services at the M. E.

Church next Sunday at 10:30 a. m.

The Ladfie' Aid society will meet with Mrs. Goebring Thursday, Feb. 18.

A. S. Goebring and his father spent the past week in Braddock.

Will Brooks' school is preparing for an entertainment in the near future.

FEB. 10—A son was born the past week to Peter Rafferty and wife. A new foundation wall has been placed under the Citizen's Bank building. Noah Pugh sold his coal yard business to John Ostermeyer, of Enon Valley. Mr. Ostermeyer will soon move bere

and take charge.

Gib Evans and Roy Zepernick got into an argument one evening last week over a sum of money borrowed and fight resulted. Evans was arrested and fined \$8.60 for ble part in the affair. Sebring's postoffice pays its post-master a salary of \$1,800 a year. Its postal reciepts are practically all forth coming from the town alone. The office has no surrounding country patronage, rural routes from Alliance and Beloit covering the teritory north, east, south and west. This item alone speaks well for the thrift and prosperity

of the town.

An oil well drilled on the Amos Cornell farm, in the oil pool five miles south, by the Sebring Bros., last week, proved a duster. This well was but 2,000 feet from wells on the Stouffer farm, good producers.

Attorney A. L. Baker, as trustee for the creditors in the M. M. Newlin bankruptcy case, has asked allowance of a 5 per cent. dividend by the courts. It is believed by the trustee that assets will be such that another small dividend

can be declared. A goodly number of Sebring opera-goers attended the "Paid in Full" thegeers attended the "Faid in Full" the atrical at Salem Thursday night. At its close they enjoyed (?) a realistic tableau that had not been given place on the program. A Stark electric car had been promised following the show to bring the visitors home, but no arrangements had so been made, and they "paid in full" for a special to come down the line to convey them back. Ella, estimable wife of C. F. Smith,

residing near Best's Station in the northwest corner of the township, died at the Alliance hospital Friday eve-ning, following an operation for gall stones, of which more than a hundred were removed. Mrs. Smith was 67 years old, and is survived by the husband, two sons, two brothers and two sisters. Funeral was held Monday with inter-

ment at North Benton.
The home of John Burgess was badly damaged by fire Sunday, the blaze hav-ing origin, it is thought, from a stove. The furniture in the house was practic-ally all destroyed. Neither Mr. nor Mrs. Burgess was at home at the time.

Loss will reach \$500. The big bowling tournament on here for two weeks closed Monday evening. Gilbert and Frantz, the world's champlons in bowling science were here at the finish, easily winning all the prizes in their class.

Mrs Sumper Ocsch entertained the Ladies Travel Study club of Canton, Tuesday, Mrs. Oesch being a Canton girl. A visit to the potteries was made, this proving to them of unusual interest. Ossch provided a nice dinner and pot'ery plate.

Locust Grove.

Miss Amy Calvin returned home from Darlington, Pa., Saturday.

Mrs. Wm. Felcht and son Clyde of reenford spent several days last week at J.D. Feicht's. Chas. Goodman will work for E.

Roller the coming summer. Ellsworth.

FEB. 11-Mrs. Fanny M. Allen, widow of the late Lloyd Allen, died this morning at 2 o'clock of uraemic polsoning, at the home of her son, David Allen. Some time ago Mrs. Allen was stricken with paralysis and had since been in poor health. Deceased was a daughter of Almus Beardsley, a pioneer of this county, and was born in Ellsworth March 10, 1835. She is the last of her family. One son, David, and a grandson survive her. She was most of her life a member of the Presbyterian church. Funeral servaces, conducted by Rev. F. A. Fry, will be held from the home of David Allen Saturday afternoon at 1:30 o'clock, sun time. Interment in the Ellsworth cemetery.

North Jackson.

FEB. 10-There will be preaching in the Prosbyterian church Sunday at 11:39 a.m. and 7 p. m. by Rev. Fraser of the Aliegheny Theological seminary. Miss ElmaRussell has nearly recovered from an attack of blood-poleoning.

A daughter to Mr. and Mrs. John
Moherman.

Congratulations to Oliver Rhodes and bride.

Resolutions of Respect.

"In the midst of life we are in death." We, as members of the Toot Reunton, have been vividily reminded of the above fact by the sudden death of our beloved relative and former president. J. S. Collar, whose helpfulness and cheerfulcess had endeared him to everyone. Therefore be it

Resolved, That we extend our heartfelt sympathy to the sorrowing wife and children who have been bereaved so suddenly. May the heavenly Father comfort them in their leneliness and dark bours of affliction and may they find consolation in the hope of an everlasting reunion in the better world.

world.

Resolved. That a copy of these resolutions be sent to the bereaved family and a copy be apread upon our minutes and read at our next meeting also one to The Mahoning Dispatch for publication Mas. FRED TOOT.

NEIGHBORHOOD NEWS

—J. J. Petzer, prominent citizen of Columbians, died Tuesday night of ty-phoid fever, aged 57 years.

-Another attempt is being made by Columbians citizens to have Supt. T. S. Orr of the public schools removed.

-Safe in T. H. Holloway & Son's feed store at Columbiana was blown to pieces by dynamite early Wednesday morning. The cracksman got only 50 cents and he dropped that when discovered and

-Mrs. Rebecca Plau died in New Springfield Sunday and was buried Wednesday. Deceased was born in Columbiana county 73 years ago and is survived by 12 children, 28 grandchildren and two great-grandchildren.

HAD PLANNED TRIP TO EUROPE

Caught In Folding Bed and

Stranger Took His Wealth. For more than a year Henry Da vidson has been planning a trip te Europe, the New York correspondent of the Cincinnati Times-Star says. In order to aid the travel fund by sa ving he has occupied a cheap room on One Hundred and Twenty-fourth street. The principal object in the room was a large folding bed. The other night the bed seemed uneasy so Davidson tried to re-arrange it. To do so he stood on it, near the head, and it shut up on him like a trap. Only his head protruded and he screamed murder in the three languages he knows. A tapping came

at the door. "Come in!" shricked Davidson

'Come, help me!" The door opened slightly and an un pleasant face peered in. Seeing that Davidson was fast, the owner of the face followed it in. "Can't ye get out?" he queried, sympathetically.

Davidson replied, with some excess of heat, that he wouldn't have yelled if he had been able to release himself without assistance.

"Hurt bad?" asked the stranger. Davidson said: "No; just bruised." "Well," said the visitor, "you will be hurt bad if I hear a yip out of you." And he deliberately went through Davidson's belongings, while the owner, in a folding bed and mental agony, watched the procedure. The visited rifled Davidson's trunk, took his little bits of jewelry and the money he had saved for that European Now and then a groan burst from Davidson, always to be stifled by a threatening motion on the part of the thief. "Good-by," said that person affably as he left, "I'll close the door after me. You needn't get

When, an hour later, Davidson was finally released by his landlady, his first act was to send for the kitchen hatchet and destroy the bed.

Water for Henn. Laying hens require an abundance of Fresh water or skim milk liquid. should be kept before them constantly. The amount they will drink is remarkable. Although hens are provided with all the skim-milk they will drink, they must have water as well; milk does not take the place of water.

Remember the adage that "hen teeth are scarce." This is the time of gravel and hard particles which the hen depends upon for grit are covered up and frozen down. Hence grit must be supplied in the houses where the chickens can get it.

Keep Hens In. As a preventive against hens flying over a fence, place a strand of smooth wire six inches from the top of the fence, inside and parallel to it. A hen always alights on the top of a fence before going over, and in endeavoring to fly to the top she will strike the inside wire and be thrown

Koumiss.

The national drink of the Tartars is koumiss, the fame and manufacture of which has spread to every land Many are the stories told of its wonderful powers. The Tartars declare that very little if any of other sustenance is necessary, and they can perform the most laborious tasks upon a diet of koumiss alone. They claim for it all the virtues and none of the evils of other beverages. Any Tartar can ride 132 miles in seventeen hours in all weathers en a quart of koumiss. Here's a tip for the army and navy victims of Roosevelt's military tests. Take along koumiss.

Put New Blood Into Your Business. The up-to-date professional adviser or business doctor, when called to examine a shrinking, declining business, often finds the patient barely alive; the circulation being so sluggish that he can hardly find the pulse. In a desperate case like this he says to the proprietor: "You must put new blood into this business. There is no life in it. There is no energy, no push, no enterprise here. When a patient gets as low as this one, there are only two things to do, let him die, or infuse new blood into his veins and try to resuscitate him."-Success

The New England Spirit. In every crisis that has come to this country the "New England spirit"

has risen to the top. It may have been dormant for a time, but whenever the necessity arose it manifested itself. In the great intersecine struggle it predominated; in more recent times it has asserted itself. The pilgrim blood and the pligrim spirit have overcome all difficulties. Without them the west would be a wilderness. The pioneers of the western states were actuated by the spirit that set-tled New England.—Denver Republi-

Not the Right One. "The tall girl over there is a queer one: she is sui generia." "She ain't no such thing;

MARKETING CHICKEN FEATHERS,

Dry Pick and Save the Feathers Until You Have Enough to Sell.

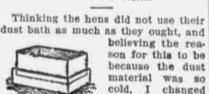

Tons of feathers are probably lost each year in small amounts because farmers and poultrymen do not think it worth while to save the few ounces plucked from birds used at home and for local market. Another reason probably is that the prices are thought to be too small to make saving these few feathers seem worth while,

If a few minutes be taken when . plucking is done to separate the various grades and to practice the best methods of curing them, there is no reason why a nice little sum could not be saved in each case, and the aggregate make a considerable advance in the annual returns from poul-

Chicken and duck, as well as goose feathers, are always in demand and should be saved, but ought to be kept separate, and the larger feathers placed by themselves. In no case should chicken and turkey feathers be scalded, because the hot water removes the animal oil and reduces the grade very greatly. Such feathers scalded command only a fraction of the price paid for dry picked ones. Another good point is to keep the white separate from the colored feathers, because white stock brings a higher price than dark. After plucking, the feathers should be spread out until the moisture is thoroughly dried out. During this time they should be turned daily if they are spread at all thickly. Turkey body feathers, while too large as they come from the bird, are often chopped and used in cheap pillows.

A leading dealer writes that hen and turkey body feathers have only saving value when dry-picked, says the Orange Judd Farmer. They should be laid out on the floor and forked over daily, and should be in a marketable condition in three days, when they can be shipped in burlap bags. These grades are worth in mid-autumn between four and five cents a pound. Chicken quills should be thrown away, never mixed with softer body feathers, because they spoil the grade. Turkey quills should be graded; the long tails placed in one box, those from the first two joints of the wings in another, those from the last joint in a third. The shorter guills and those from the rump ranging from five to eight inches placed in a burlap bag. After a placed in a buriap bag. After a thorough airing they may be packed for shipment. Moisture allowed to remain in them rots the quills quickly and thus reduces the grade.

A WINTER DUST BOX. How One Poultryman Made It Comfortable for Hens.

way: A dry goods Dust Box. box three

conditions in this

Another box, just enough larger to allow the first to slip inside easily, was next found. This was placed in the sunniest spot in the henhouse and filled to within four inches of the top -with fresh horse manure. On top of this, says the Farm and Home, the smaller box was set and filled to within six inches of the top with sifted hard coal ashes and some powdered tobacco stems. In a short time the ashes felt warm and the hens soon found this out. They have kept remarkably free from lice, due, I believe, to the tobacco." Fresh horse manure is put in two or three times during the

winter.

POULTRY NOTES. Hens that are expected to lay during the winter must be provided with a warm roosting place, warm enough to avoid danger of frost to comb and

wattles, but well ventilated. A cool, airy scratching shed is better than a dark, closed house for the

day room. The hen is an epicure. She enjoys a variety of food. Table scraps, small potatoes, cabbage leaves and vegetables of various kinds are appreciated. Oyster shells are inexpensive and furnish grit and the needed lime for the egg shells. If more oyster shells were provided there would be fewer egg-eating hens.-Wallace's Farmer.

If you haven't the time to exercise regularly, Doen s Regulets will prevent constitution. They induce a mild, easy, healthful action of the howels without griping. Ask your druggist for them. So.

Our Annual Sale of Fine Undermuslins

Each year at this time we hold our Annual Special Sale of fine Undermuslins. Careful buying is the determining factor behind every merchandizing success. It made this annual sale a success with us last year-it made it the most important sale of Undermuslins held during the year in Youngstown. We believe that for the same reason the sale this year will be more satisfactory than any of our predecessors. All garments offered at this sale are especially purchased and have not been shown before this opening, being bought after the most thoughtful research of the very finest that the markets in New York and Paris show. The materials and trimmings are more effective and attractive than we have heretofore shown. Prices are astonishingly low, In many instances two garments at the price of one.

COMING AND GOING.
